CLASS PRODUCTIONS WILL BE HELD AT 7:00 ON Friday, JUNE 28th.

COST: \$85 per child per session / \$150 for two siblings

AGES 5 to 9 – Capitol Kids

Campers will learn the basics of theatre history, storytelling, and will learn to write their very own script! They will work on becoming a character, movement, improvisation, as well as the “behind the scenes” work of designing and making their own costumes, props, and set! The week will end with a performance of their original play in front of their parents and invited guests.

AGES 9 to 12- Capitol Players

From the audition to rehearsals to taking their final bows, this camp will give young actors the tools they need to put on a show! Students will spend their week learning theatre history, vocabulary, and storytelling, and writing their own script with their own characters, focusing on movement, voice, and characterization. Their week will include an in-depth improvisation workshop, as well as an audition workshop. They will design and create their own props, costumes, and set for the original play they will perform on the final day of camp for an audience of their parents and invited guests.

AGES 12 to 18- Capitol Company

For older students, in addition to learning theatre history, vocabulary, etiquette, and storytelling, their week will explore several different aspects of performance, from improvisation to career development and what to expect at a professional audition. This session will include in-depth workshops on auditioning, improvisation, standup comedy, storytelling, and direction. Students will write their own script with characters they create and will perform their original play on the final day of camp for an audience of their parents and invited guests.
